AVER 40
by Carlo Volf

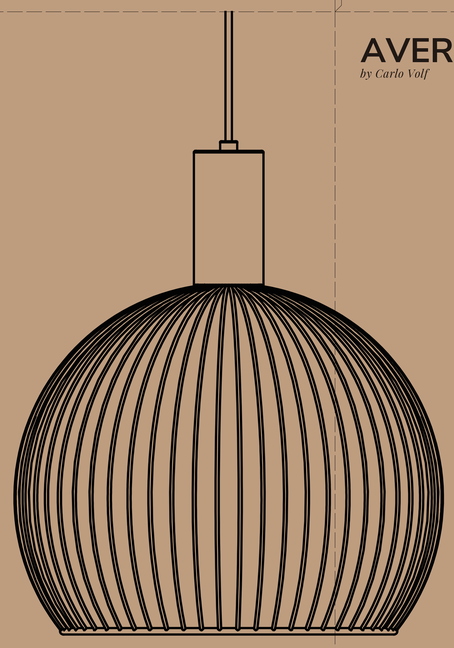
Carlo Volf has been in the field of architecture since 1997. As a member of Carpenters Autumn Exhibition and The Daylight Academy, his work spans the fields of architectural planning, lighting and furniture. For decades he been focusing on planning of daylight and artificial lighting.

"Planning good lighting is a process of giving control back to the light. When the light takes command, all I can do is simply to follow" says Carlo Volf, MAA.

Carlo Volf's works are often minimalistic design solutions based on simple and beautiful materials. He is driven by a devotion to create good lighting designs with a balance between light and darkness – between what is lit awhat is not – and essentially between what is important and what is not.

Since 1995 he has won several international design prizes and has been nominated for the Danish Design Award 2021.

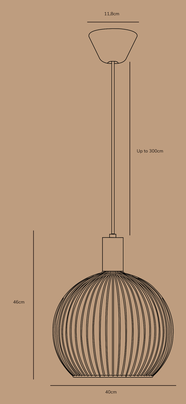
Carlo Volf



Socket type E27

Bulb not included

60
Max wattage



AVER 40
by Carlo Volf

Item number	84253003
Color	Black
Material	Metal/Plastic
IP Class	IP20 - for indoor use, Class II
Voltage	220-240V~50/60Hz
Cable	Textile cable: Black 300 cm non replaceable
Light source	E27, Max. 60W, Excl. light source
