Contemporary art deco style • Brass adds cosiness and warmth to the interior

The brass trend is increasing everywhere - also for lamps and complements the minimalistic Nordic design style in the most beautiful way. Cera is made of brass that adds warmth, cosiness and exclusivity to the bright interior design. The round shape of the lampshade creates nice visual volume to the slim frame. Cera pendant provides a cosy downward light and can be used, and is ideal above the dining table, kitchen island or coffee table.
