## • Contemporary art deco style • Mouth blown glass and exclusive details

Use warm, golden tones to contrast the Nordic minimalism. The Alton series creates a beautiful union between the simple opal white glass and the fine brushed brass details. The warm metals are still hot in decor, and the combined brass and glass give the series a graceful appearance and complement each other in the finest of manners.

Alton floor lamp is an exceptional beauty, combining the stunning white opal glass and exclusive brass in a highly compelling way. The stringent design makes the floor lamp an elegant sculpture in the home, where a soft and glare-free light flows into the room and creates a cosy atmosphere.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
