## • Scandinavian minimalistic design

Functionality and design come together in the Lilt series. Lilt has a continuous illuminating surface throughout the lamp, which contributes to a homogeneous light output. The beautiful minimalistic design is equipped with innovative technology in the form of built-in three step dimming function, which gives you the opportunity to easily change the light according to situation and needs from your regular wall switch.

The Lilt pendant is made of brushed steel which contributes to raw and industrial look. The simplicity of the pendant is emphasized by the minimal use of ornaments, where two beautiful black fittings contrast the stringent rectangular surface. Lilt is a large pendant and is perfect lighting above the long dining table.
