- Contemporary and simple style
- Organic shape
- Design your own lamp with a decorative bulb

Notti is a great example of form, materials and details that comes together in the most beautiful way. The organic and harmonic shape contributes to a complete and aesthetic expression, which certainly will do well in any interior design.

The starting point is the elegant decorative bulb, now with a beautiful wrapping in a socket of matte metal and round organic shapes. This results in a decorative pendant, that provides a cosy atmosphere both when turned on and off. Hang up more pendants together in a corner with different decorative bulbs – it creates a vivid interior and a nice visual look.
