- Contemporary and simple style
- Upward and downward light
- Material mixmatte metal and opal glass
- Scandinavian contemporary style

Time is inspired by sponges in the forest, and together with the combination of matte metal and glass a simple and elegant expression is obtained. An upward and downward light is created with the small glass element on the top of the shade, which contributes to a cozy atmosphere. Time has a built-in on/off function

The matte grey metal highlights the minimalistic and modern look of the table lamp.
