• Contemporary and simple style • Organic shape
• White opal mouth blown glass and matte metal

Notti is a great example of form, materials and details that comes together in the most beautiful way. The organic and harmonic shape contributes to a complete and aesthetic expression, which certainly will do well in any interior design.

The organic shape result in a lovely pendant with an elegant design. The large white opal glass dome is a nice contrast to the light socket in matte metal, which contributes to visual volume and a soft glare free light.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
