- Nature style • Handmade
- Spreads a soft diffused light

The Trinidad series is made of the beautiful and natural bamboo material, which brings the nature into the interior in the finest way. The braided pattern of bamboo is handmade and provides a decorative light pattern in the room as the light shines through the braided bamboo beams, thus creating a warm and cosy atmosphere.

The Trinidad table lamp spreads a soft diffused light in all directions and is therefore ideal as cosy lighting in the living room or bedroom. With its simple and natural expression, it fits into most interior styles.
