- Cabinet bracket included • Vertical and horizontal installation possible
- Long LED lifespan (25,000 hours)

Helva Double Basic is a modern and minimalistic wall lamp with integrated LED that with its high IP degree, IP44, is suitable for humid areas such as the bathroom.

The wall lamp emits a beautiful and natural light, RA90, that is turned on and off using the wall switch. Helva Double Basic can both be installed vertically and horizontally which allows you to frame all the sides of your mirror to create the perfect lighting. However, if you prefer mounting the lamp on a cabinet this can easily be done thanks to the included cabinet bracket.
