- Dual light LED • Bluetooth connection to Nordlux Smart Light • Can be controlled by wireless Nordlux Smart Sensor
- Built-in parallel connection • Indication light • 5-year LED guarantee

Arcus is a beautiful timeless outdoor lamp with the latest LED and IoT technology. The wall lamp has integrated LED and two light functions, consisting of indicator light, which is lit when it is dark, and automatic activation of light when movement is detected (Nordlux Smart Sensor needed). Arcus has Bluetooth connection and is part of the Nordlux Smart Light range, which allows you to control the light from your mobile phone, with voice control or via the Nordlux Smart Sensor.

With the high degree of protection and attractive minimalistic design Arcus wall lamp in grey is applicable both inside and outside.

To ensure you have a strong signal from your Smart app/remote to the lamp, we recommend you connect no more than 5 lamps.

Please be aware that the distance between the lamps should not be greater than 1.5 m and the distance to your Smart
