• Minimalistic design

The Piana series makes the outdoor space cozy and inviting. The modern and minimalistic series is named after the beautiful city on Corsica with the same name. The series is both decorative and sculptural, where the few selected details are in focus. Piana has integrated LED and is durable against wind and water, which makes it perfect for your outdoor area.

Piana 5 is a discreet garden lamp made of black lacquered aluminum, which can be placed on tiles or wood. Furthermore, the lamp fits the Nordlux base, which gives the opportunity to for example place it in the flowerbed.
