Aleria is a small lamp that does not take up any unnecessary space, and at the same time provides good, functional lighting. With its soft shapes and elegant design, this lamp becomes a beautiful decoration for your outdoor space. Aleria is made of brass and is perfect by the driveway, front door or garage.

Brass is a sturdy and weather-resistant material, making the lamp suitable for harsh coastal areas. Over time, brass takes on a darker patina, which results in a beautiful brownish colour.
