- Modern, yet timeless design
- Adjustable lamp head and arm
- Lights both up and down
- On/off button behind lamp head
- Work light in the kitchen or as a bedside light

Stay is designed by Maria Berntsen and is a functional, yet timeless lighting design at the same time. The oblique cut of the shade creates an open and pointing shape that allows for lots of light to shine through.

The flexible head and the swivel mechanism of the arm makes it possible to direct the light and create optimal lighting conditions – just loosen the screw and adjust the arm to set the light you need. Furthermore, the switch is discreetly placed behind the lamp head, making it easy and convenient to turn the light on and off. Thus, Stay combines great flexibility and elegant appearance in a highly convincing way.
