- Modern, yet timeless design
- Adjustable lamp head and arm
- Light both up and down
- On/off button behind lamp head
- Work light in the kitchen or as a bedside light

Stay is designed by Danish Maria Berntsen and is functional and beautiful lighting in one and the same design. Stay has several nice features, where the lamp's flexible swivel mechanism makes it possible to direct the light and create optimal lighting conditions. Furthermore, the switch is discreetly placed behind the lamp head, making it easy and convenient to turn the light on and off. Thus, Stay combines great flexibility and elegant appearance in a highly convincing way.

Stay in grey silky matte metal is an exciting alternative to the classic wall lamp, which with its functional design results in beautiful lighting. Stay has a high functional value, as the arm and head of the lamp can be adjusted as needed, making the wall lamp perfect as task lighting in the kitchen or next to the bed.
