Smart Bulb E27 has a wide 240° beam angle and ability to switch between cool and warm lighting. The two bulbs come with a bridge suitable for a UK plug.

The Smart Light Bridge enhances the features and functionalities of the Nordlux Smart Bulbs. In addition to instantly controlling the bulbs via Bluetooth, the Smart Light Bridge makes it possible to set schedules and programs, control the lights from anywhere and activate a presence simulation, when the family is on vacation. As Nordlux Smart Light is compatible to the smart home assistants Amazon Alexa and Google Home, it is also possible to control the lights by voice.
