- On/off by hand movement (motion sensor) • Installation brackets included
- Rear cable entry • 5-year LED guarantee

Bity is an integrated LED under cabinet lamp that can be turned on and off by a motion sensor. By moving your hand underneath Bity, you will be able to turn it on and off without having to touch the wall switch. Bity is ideal under the cabinets in the kitchen due to the combination of the LED light and the motion sensor that provide perfect conditions for cooking. Connector block is included.
