OJA 42 IP54
SENSOR

OJA 42 IP54
SENSOR

**OJA 42 IP54
SENSOR**

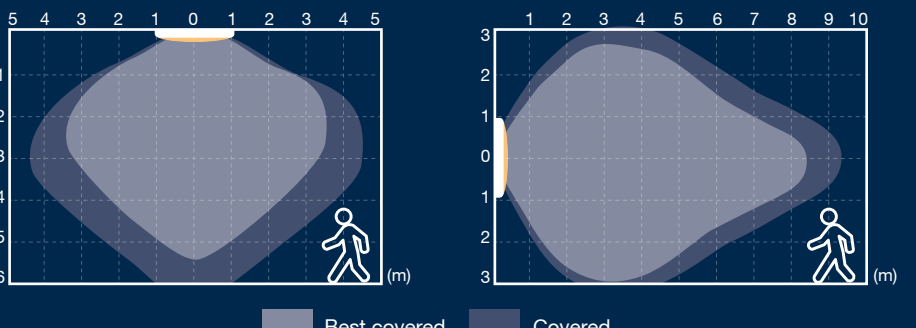

Item No: 2110476101
Dim: 21x95x15
Finish: White
Voltage: 230V

- IP54** Dust and water protection
- FIXED LED** Permanent light source
- 200-240V** Universal voltage
- 20W** Energy efficient
- 2100 LUMEN** Bright light
- 2700 K** Warm white light
- SENSOR INCL** Motion sensor included
- BATHROOM SAFE** Suitable for bathroom use
- EASY TWIST LOCK** Easy to install and adjust
- PARALLEL CONNECTION** Can be connected to other lamps

BEST INSTALLATION HEIGHT BETWEEN 2-2,5M

This sketch indicates the area the microsensor sensor is functioning in the best distance related to height. Please note that microsensor sensor operates at electromagnetic (EMF) field emission frequency and creates an electric voltage detection only. The sensor will not detect any other sensor and can create a signal for motion and trigger power and the motor.

ENERGY 20 20W/1000h

ENERGY 20 20W/1000h

LED 20W 2100 LUMEN

PLEASE NOTE LED MODULE IS FIXED IN LAMP
