• Exclusive and classic style • Mouth-blown glass shade

With references to minimalist and timeless Scandinavian design, Ellen fits beautifully into most interior designs. The exclusive, opal glass shade creates an elegant contrast to the lightweight frame and contributes visual volume and a wide field of light. Ellen is the perfect table lamp to brighten up your home with a soft and pleasant light.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
