SHAPES 22  
designed in Denmark by  
Maria Bernitsen

At the start of a new project, I look for an idea with some functionality and beauty by making and thinking. I try to find a solution that is simple, but it's not always easy to find. The solution is always with the customer. Design is not just about functionality - it is as much about the emotional connection and impact. To me, success is when my design helps me in the everyday lives of people.
