by Maria Bernsten

With her own design studio in Copenhagen, Maria Bernsten has since 1992 focused on architecture and design.

Maria Bernsten is a well-established name in the design industry and has over the years collaborated with a wide range of Danish and international companies, where her extensive experience has resulted in many successful designs.

"At the start of a new project, I look for an idea with nerve, functionality and identity. By modeling and visualizing, I test the idea, how it might be used, and its presence.

Good design communicates and establishes a dialogue with the receiver. Design is not just about functionality it is as much about the emotional connection and impact. To me, success is when my design brings joy in the everyday lives of people"
