• Contemporary art deco style • Mouth blown glass and exclusive details

In smoked glass, Alton creates a beautiful coherence between the black top, and the sweeping round shape, which makes the series extremely elegant. The smoke-coloured glass and the delicate shapes add a soft and warm glow to the light, resulting in pleasant lighting. Glass is a major trend in decor, and the combination of glass and the matte black metal gives Alton an elegant appearance.

The innovative frame makes the Alton table lamp extremely modern and adds unique character.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
