• **Minimalistic and Scandinavian design**

Sway is extremely beautiful in all its simplicity. The minimalistic design reflects the design duo's sharp eye for tasteful lighting, where every detail has been carefully considered. The light is reflected both up and down, giving a soft and pleasant light. At the same time, the lamp's flexible swivel mechanism allows for a directional light that contributes optimal light conditions. A timeless series that can create joy for many years has been created. Designed by Bjørn+Balle

The tight design, combined with the soft and rounded shapes, provides a powerful contrast that makes the Sway pendant special, beautiful and admirable. The lighting is soft and glare-free and is reflected both up and down.
