Spread Angle (°) (beam angle of
luminaire): 100
Candela (cd) (for directional
lamp only): 0

- Dual light LED • Build-in daylight and motion sensor
- 5 year LED guarantee • Dual light LED

Egon is a modern outdoor wall lamp with a beautiful square shape. The lamp has an integrated LED, which contributes to low energy consumption and long life. Egon has two lighting functions. When darkness falls, the light automatically comes on with a soft twilight lighting, and at the same time the built-in sensor is triggered by movement, making Egon extremely practical and functional. Nordlux offers a 5-year LED warranty.
