luminaire): 36
Candela (cd) (for directional
lamp only): 0
Energy Class: F

• Stepless dimmable 0-100% by wall dimmer excl.

A classic round downlight with an integrated LED 345lm dimmable LED module. Dorado is quick and easy to mount via a screwless plug-in connection and a twist-lock system, and at the same time multiple downlights can be easily connected to each other.

The downlight emits a warm light of 2700 K, which makes it particularly suitable in the living room, the dining room or the bedroom. The downlight is adjustable, making it highly functional as the light can be directed to where you need.
