lamp only): 0

- Stepless dimmable 0-100% by wall dimmer excl.
- Retrofit high lumen
- Stepless dimmable 0-100% by wall dimmer excl.

Ankaa is a classic round recessed downlight for indoor use with a GU10 bulb of 450lm, respectively 540lm. Ankaa can be tilted, contributing to several uses, as light can be pointed in multiple directions as needed. Furthermore, the downlight allows for dimming the lights depending on the situation, from a functional work light to a warm and cosy light.

The downlight emits a warm light of 2700 K, which is particularly suitable for, for example, the living room, dining room or bedroom.
