• Classic and stylish design • Replaceable rings for optimal choice

The Ray double floor light from Nordlux features a very classic and stylish design. The light is made of chrome with glass shades. The white glass shades give a soft and pleasant light that suits many areas in the home. Use it as a decorative light in a corner that requires a little extra light, or use it as a reading light behind the good armchair. The lamp heads can be turned in all directions, providing for many uses.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
