Elegant garden light from Nordlux, whose simple and classic design makes it very useful. The light can be placed next to your mailbox, along the walkways, in the garden, or around the terrace.

It is possible to purchase a base for pillar lighting appropriate for this product.

This product is part of our "Designed For Seaside" range, crafted from extra durable materials to withstand even the harshest coastal weather conditions.

Over time, exposure to the elements causes the galvanised steel to develop a beautiful, darker patina.
