- Contemporary, yet timeless design • Slim and elegant
- Tilttable head, possible to adjust light direction

The minimalistic MIB series by Danish designer Bønnelycke MDD is the epitome of Nordic elegance. MIB invites you to put a spotlight on life with its slender and adjustable lamp head that emits a precise and directional light. MIB looks good alone, but you can also place more together to make a statement with light. Fits the Nordlux Link system where it is easily and quickly installed and moved.
