MIB 6

by Bonnellycke mdd

Bannelycke mdd was established in 1988. Driven by a nosurpressable urge and desire to work constructively and innovatively, Bannelycke mdd started his career with the design of lamps, furniture and interior decorating. Quickly, he became known as an unconventional architect with no whims and fancies. His ability to challenge and optimize the manufacturing process itself is to be found in Henri's original professional background as a toolmaker. "It could be fun" and "of course it can be done" – are phrases often used in his company. From day one, the core of his work has been to create products simply because they are needed. Designs by Bannelycke Mdd grow out of a specific need or requirement expressed by the customer – and by the general public as such. This has resulted in a comprehensive portfolio of projects and designs allowing the company to slowly but steadily expand over the years.

Bonnellycke mdd

Socket type
GU10

Bulb not
included

Max
voltage

MIB 6

by Bonnellycke mdd

Item number 71704003
Color Black
Material Metal
IP Class IP20- for indoor use, Class II
Voltage 220-240V ~ 50/60Hz
Cable PVC cable : Black 250cm non replaceable
Light source GU10.Max.BW Excl. light source
