Product net weight (kg): 2.947

Primary material: Galvanized steel

Secondary material: Plastic

Color of the Glass: Opal white

Suitable for Seaside: Yes

• Built-in parallel connection

Garden light from Nordlux in a beautiful design. The light is made of galvanised steel and has an opal white shade. The light provides a beautiful and pleasant lighting, and can be used for walkways, in the driveway, on the patio, in the garden, or near flower beds. The galvanised finish makes the light fixture resistant to the Nordic climate. We recommend light fixtures in galvanised steel for coastal areas. It is possible to purchase a base for pillar lighting appropriate for this product. Note the lamp will need a E27 G45 bulb.
