

FUSE | GARDEN LIGHT | GALVANIZED

77518031

nordlux®

Voltage (V): 230 Volt

IP degree: IP44

Maximum bulb wattage (W): 60W

Class (Class 1, Class 2, Class 3):

Class 2 (Double isolated)

Bulb base: E27

Parallel connection: False

Primary material: Galvanized steel

Secondary material: Glass

Color of the cable: Black

Length of the cable (cm): 500

Surface material of the cable:

Rubber

Suitable for Seaside: Yes

Color: Galvanized

Height (cm): 165

Tube Diameter (cm): 2.5

Shade Diameter (cm): 35

EAN: 5701581249288

TUN: 1621985

Item Number: 77518031

Pcs Per Master Carton: 1

Sales Box Height (cm): 103

Sales Box Width(cm): 36.5

Sales Box Depth (cm): 36.5

Sales Box Volume m³ : 0.1372

Product net weight (kg): 4.495

- Test • Spear for effortless placement • Mesh light and shadow effect
- Durable material that is well-suited for harsh weather • 15 year warranty on extensive corrosion

Fuse – the perfect complement to lounge furniture in the garden. Fuse creates a cosy ambience, and may be easily placed right where you want light. Design by Bønnelycke MDD. Nordlux Fuse is the designer's tribute to the North Sea, with the light's raw look and clean lines. The garden light fixture with mounting spike can be placed and moved quickly and easily. In addition, you can purchase a base plate to transform the light fixture into a floor light to be used on the terrace, for instance.

The galvanised finish makes the light fixture resistant to the Nordic climate. We recommend light fixtures in galvanised steel for coastal areas.
