- Item number 84291001
- Color White
- Material Metal/Leather
- IP Class IP20, indoor use, class II
- Voltage 220-240V ~50/60Hz
- Cable White textile, 180 cm replaceable
- Light source Excl. GU10, Max. 8W
- Switch On the base

5 701581 364684

The designers combine minimalistic Scandinavian design with international trends. It's about image creation and recognizability. The overall identity of the product is its form, function, details, structure and materials, which all comes together. A product never stands alone but is part of an environment where the story being told supports the design.

BJØRN + BALLE have both carried out a large number of design tasks for both national and international clients at many different areas, such as product design, furniture design, interior design, identity programs and exhibitions, and together they have great success with lighting design.

BJØRN + BALLE has delivered a wide range of innovative technical solutions for the industry, as well as beautifully designed products for the consumer market.
